Tofield Defeated by Wainwright Gilt Edge Letter

Wainwright Wins First Game by a Brilliant Exhibition of Hockey
Score 2-1—Fast Clean Hockey

The first match in the series between Wainwright and Tofield for the possession of the Dawson trophy and the Halston medals, was played at the Western town on Monday afternoon and proved to be a victory for the yellow and black after a stubborn game. The ice was keen and during the first half the boys did not seem to be able to stride their feet, but there was some class to the way they were hitting things in the second half, scoring two goals in quick succession.

The game was a splendid exhibition of hockey and great credit is due the referee and judge of play for the impartial manner in which they conducted the game. Members of both teams adorned the fence quite frequently and it served to keep the game good and clean.

The referee got a bad clip on the knee with the puck during the first, and Jamieson of Tofield got a bad clip on the knee

with the puck in the second half. These were the only mishaps of any moment. The first goal was scored by Ferguson for Tofield after ten minutes play, no further scores being made during first half. The second was made by Lally for Wainwright, after five minutes play in the second half; the third by Beattie in three minutes before end of game.

The line-up was as follows:

Wainwright: Goal, Jones, point, Graves; cover, Washburn; centre, Lally; rover, Beattie; right, Morrison; left, Istead.

Tofield: Goal, Spilstead; p., Cameron; cover, Jamieson; centre, Sutherland; rover, Haines; right, Diamond; left, Ferguson.

Referee—Davidson.

Judge of Play—Young.

The next game will be held at Wainwright, the date to be decided later.

Gilt Edge Letter

Wainwright, Feb. 19th.
H. E. CUMMER,
Editor Star.
Dear Sir:

Will you allow me to address a few remarks to the ratepayers of Local Improvement District 24-C-4 through the columns of your paper:

We, as ratepayers of this district should be thankful to the Gilt Edge correspondent of the Star, for showing up the state of affairs in this district in his letter of Feb. 10th. We as ratepayers are no doubt equally to blame with the councillors for this state of affairs for not taking more interest in the work.

But now as the council has raised our taxes without first consulting us, I think it about time to see if we have something to show for the money and labor to be spent.

There will be a meeting of the council at the house of W. Fox on Feb. 28th, at ten a. m. and we as ratepayers should attend and urge upon the council the advisability of requesting the minister of Public works to send a government surveyor down to lay out the following roads:

From Wainwright north to the Battle river bridge; a branch from this road east to the Gilt Edge schoolhouse; from Wainwright west to where the new bridge is going to be built on the Battle River; east from Wainwright between townships 44 and 45 in divisions 1 and 2, of L. I. D. 24-C-4, and that all the work done this year and hereafter, till those roads are all in possible condition be performed on these government roads and that no money be granted for any other outside purpose.

We must lay out such a programme if we ever want any good from our money and our labor. It is my humble opinion that if we make good roads to the outlying country, so the settlers can bring their grain

to Wainwright that we may in the near future get a government elevator and help to make Wainwright a prosperous town.

Yours Truly,
FRANK RACK

The local curlers are having some hard workouts these days. They are trying to forget that trip to Edmonton. Skip Ross said "never again."

The G. T. P. hockey team are getting in shape to give the Tigers a run for their money at the next game.

Mr. H. E. CUMMER is confined to his room this week with a very severe attack of La Grippe.

Sam Lewis, of Ribstone was in town this week.

W. A. Brooks, of Ribstone was in town this week.

W. A. Stuart, of Irma was in town last week.

The question of the appointment of a Health Inspector is raised at a most opportune time with one or two cases of known infectious diseases in town and rumors of some of a mysterious nature it is time that a qualified officer was appointed. A man who will go his duty without fear or favor, and one who has the welfare of the town at heart. This office should have been filled long ago and it is of vital importance to our health, that the right man should be put in power at once.—Who said Watson?

Reflections

The citizens of Wainwright were treated on Friday last to a wild and woolly western performance that would have been looked askew at even in the rough and tough days before Calgary was the men from the Hay Camp in the Buffalo Park having finished their work came into town and proceeded to annoy, assault and disgust such of the people who did not fall in with their inebriated and obfuscated ideas. Were these young men of the class from which the old time outlaw and bad man used to be recruited some excuse might be made for them, but as they are all well known and have the name of being intelligent and good settlers, their conduct merits the severest condemnation. They have not only made themselves a laughing stock to the community, but have also fallen several degrees in the estimation of all who know them. Such orgies as these cannot and will not be tolerated in Wainwright.

If the acting janitor of the Public school is a gentleman of means who doesn't have to risk particularly early in the morning, he has no need for the job and should be promptly relieved by a man who can get up in time to have the place properly warmed by time school calls. Several of the children are complaining bitterly of the coldness of the schoolrooms. It is an easy matter now to heat these rooms thoroughly in a short time and for the sake of the children, some of whom have to come over a mile these cold morning 'tis ought to be attempted. 'Did you' ever try to read or write with frozen toes and fingers and a 30 below chill blowing down the back of your neck?

Mrs. J. H. Dawson will receive on Thursday February 24th, after that date she will be at home on the first Thursday of each month.

Presbyterian services are being held in the Auditorium every Sunday pending the erection of a church. Rev. J. A. James is in charge of the services.

The Ladies Aid of the Presbyterian church will hold a sale of Home Cooking every Saturday afternoon in the building next to Crawford's real estate office. They will have a choice selection of candies, cakes, pies, etc., for sale.

One of the local real estate agents put through a couple of very good deals last week, selling two town lots and a house, and also a quarter section of farm land. The price paid for the farm was \$14 per acre. The different real estate men report that enquiries are pouring in at a good rate and a number of big deals are in prospect.

The International Harvester Company's agents have removed their offices from 3rd ave. one door north of postoffice.

The Union Bank of Canada has opened a branch at Southey, Sask.

Though the thermometer has dropped a few degrees, everything is warm enough in the cabinet.

There are six Williams in the Laurier cabinet. Poor Canada! Flooded with bad bills.

W. M. Eddy, of Watrous has decided to open a tailoring shop in the village, having leased the building formerly occupied by Benson & Laird on Second avenue. He expects to open for business about March 1st.

Albertans will be pleased to know that out of the ten and a half million acres reserved for parks, forests, by the Dominion Government in the Northwest, and nine and a half millions of it lie in Alberta.

Construction work on the prairie section of the G. T. P. was completed last week when the steel was laid to Wolf Creek on the McLeod river, 120 miles west of Edmonton. The mountain section begins there at the verge of the foothills.

Geo. Ritchie the G. T. P. hockey player left Wainwright on Tuesday for Watrous in response to a call from the railroad team of that division requiring his services against the town Club.

A new set of rules for the use
of railways in operation of
trains will go into effect in
Canada on May 1 next. These
rules were prepared by railway
experts at the suggestion of the
railway commission. The ef-
fect of the change will be slight
on most of the western roads,
which have been operated un-
der standard rules for many
years, but on some roads there
will be considerable difference
in methods. The changes are
intended for the purpose of se-
curing greater safety.
